

10. Referees

Give the names and addresses of two referees, one preferably the Head of the Department in which you are studying or last studied. The Scholarships Selection Committee will find it helpful if both referees have a good knowledge of your academic career and prospects. In some circumstances, you may wish one of your referees to be a responsible person more familiar with your employment than your academic career. This is acceptable.

Enclosed with this application form are two separate sheets on which referees are asked to provide a confidential statement in support of your application.

Please hand or send one of these sheets to each of your referees.

References should be received at the Student Financial Assistance Agency (see page 1) by 30 April 2012. Late submission without prior approval of the Selection Committee will not be accepted.
